A Gathering for Young Magicians

The Classes

The S.Y.M. is bringing in experts in the field of manipulation, stage magic, close-up, cards and coins, dove and animal, illusions, etc.* These specially designed seminars are being created with the youth in mind. Whether you are a beginner or a semi-professional, there will be something for you to study.

* Subject to availability. Program may change.

The Shows

Witness some great performances at the Kids Do Magic For Kids Events as well as professional entertainers performing in our All Star Magic Revue. Performers will be announced as we get closer to the event but be assured that you will see shows that you will long remember.

The Schedule

The weekend begins on Friday at 2:00pm and runs thru Sunday at noon. Be sure to visit www.magicsym.com for updates and announcements on the **Weekend of Wonder** schedule.

A Weekend School of Magic

Think of that young wizard going to school to be immersed in nothing but magic studies. Consider all the friends to be met with similar interest. Wonder at being taught by the best in their field. Welcome to **S.Y.M.'s Weekend of Wonder**.

Under one roof, young magicians around the country will gather for a weekend of magic studies. There will also be youth approved dealers, social activities, chances to perform and test their skills, and extra special fun events to round out the weekend.

Certificates will be presented at the conclusion to those who attend the magic classes and hone their skills.

Plan to attend this "first ever" convention for young magicians and become a part of history!

World famous magician Juliana Chen teaches an S.Y.M.er at the S.A.M. Convention in 2006.
